Be Our Guest

FWDDS Installation of Officers Dinner
Colonial Country Club
May 11, 2017 - 6:00pm

Reflections of the past year as our President, Amy Bender, passes the torch in May.

REFLECTIONS: The past year as the Fort Worth District Dental Society President has been a whirlwind of activity.

Looking back to September we really started the year off with a bang. We had just come from a strategic planning session which really helped our Board determine some key points for our society. It is still a 5 year plan and a work in progress.

I felt really good that we had new faces at our meetings and faces that we had missed seeing in a while. Our committees rounded out our busy year with awesome CE courses and social activities. It is key to for all of us to talk about how amazing our CE all day courses and monthly meetings were. We had internationally renown people share their knowledge. Bringing spectacular speakers will continue to be our goal. I hope more of our members will take note of this and spread the word and use social media to do so!

We have hard working dentists on our board next year as well and more activities to come. I encourage all of you to come to the installation dinner in May to socialize with your colleagues and share ideas for next year. It is your society and we are strong in greater numbers!

BIO: I graduated in 1998 from Baylor College of Dentistry. My hobbies include swimming, hiking, yoga, and cycling. I am constantly learning about new technology in dentistry and feel like a lot of my travel time is for CE.

Registration online @ fwdds.org is available and preferred
Did you know that if you come to just 5 Monthly Meetings, FWDDS OSHA Course each January, and the all day CE Course each year, you will have met more than your CE requirements for the year without any travel expense? Plus, it is a good chance to network with your colleagues. Mark your calendars and plan to come!

**SCHEDULE OF EVENTS & MEETINGS**

**APRIL 11**
Michael D. Smilanich, D.D.S. and Dr. Rita Cammarata

**APRIL 28**
It’s Back!!!! Society Wide Golf Tournament!!!
(see page 17)

**2017 TMOM Events**
June 9-10 - Amarillo, Texas
July 21-22 - Glen Rose, Texas

**May 11**
Installation of Officers Dinner
Colonial Country Club

**June 2**
3rd Annual Shred-a-thon
555 Hemphill Street
(see ad on page 8)

**APRIL 11, 2017**
Regular Monthly Meeting

**Contemporary Anesthesia Techniques**

Dr. Michael D. Smilanich

Dr. Michael D. Smilanich received his DDS from the University of Minnesota in 1983, and maintains a private practice in Minneapolis, MN. For more than thirty years he has successfully restored thousands of implants, and in 1992 he became one of the first doctors to be accredited by the Academy of Osseointegration. His work with innovative prosthetic systems, immediate fixed provisionalization, and restoring collapsed vertical dimension in cases of bruxism and parafunction has been shared with colleagues in didactic lectures as well as hands on, workshop and residency formats. Dr. Smilanich’s candid evaluation of what techniques are the simplest, most predictable, and most profitable in real time private practice, have made him a popular speaker on restorative techniques for over 25 years. He also serves as a consultant for several laboratory, biomedical, and pharmaceutical companies, and continues to contribute to innovation in the field of dental implant rehabilitation.

**DATE:** APRIL 11, 2017
**TIME:** 6:00PM-DRINKS/STARTERS
6:30PM-PRESENTATION
**PLACE:** TARRANT COUNTY
555 HEMPHILL ST.
**COST:** $30

**LEARNING OBJECTIVES**
- Review of anatomy in the zone of delivery (respiratory region of nasal cavity)
- Review and candid comparison of existing techniques
- Introduction to nasal delivery of local anesthesia
- Safety information of drug and metabolites
- Efficacy of hard tissue anesthesia for restorative procedures

**CHECK THE WEBSITE FOR DETAILS AT FWDDS.ORG**
“Spring forward” just happened again and I’m happy about it! I love more hours of daylight. It makes it possible to get so much more done. Speaking of work, I want to thank members of our Board who went down for Legislative Day in February. Dr. Dale Martin, Tim Knight, and Scott Morse reported to us that there were quite a few things to be on the alert in our State Legislature if you like the way you practice dentistry. As a group, they made our voice unified and heard. Votes on bills pertaining to us will take place through the next few weeks. I cannot stress enough how important it is to have a voice in dentistry to protect your way of practice.

Dentists 40 years ago remember thinking dental insurance would not be around long and look what has happened. Insurance companies are here to stay. Some even own practices. The things you think about your dental field that are not so great may be the things that stick around and change your way of practice in a few years or 20 years. You may ask what you can do... well, have a unified voice and be active in your dental society and DONATE to DENPAC. That’s our best chance to preserve what we have. Gosh, think of it as an occlusal guard for your profession! That’s not too difficult.

On to what is happening in April. Our monthly meeting will be full of good information. We will learn about Kovanaze, the inhalation anesthetic, from Dr. Smilanich and Dr. Rita Cammarata will update us on the TDA. Our Golf Tournament will be held on April 28. Sign up now so we can make the proper arrangements for food and prizes. This will be a lot of fun. Right after that is TDA in San Antonio. I hope to see you there too!

Amy N. Bender, President
I was so excited to see so many smiling faces at the District Dental Society Continuing Education Seminar with Dr. Lou Graham DDS.

I had the pleasure of getting to meet Dr. Graham in Dallas last year. He immediately grabbed my attention with his loud plaid jacket and Chicago charm. His approach to the practice of dentistry really translated to me, and I was enthusiastic about learning from him in my hometown.

The Ridglea Country Club was a beautiful and inviting location to house the eager dentists and team members for a day of education. Dr. Graham spoke on progressive yet conservative techniques that are applicable to all of us daily in dentistry. I felt immediately like a colleague and engaged in each topic of discussion. His lecture covered a broad spectrum of topics ranging from advanced diagnostics to geriatric dental applications. I feel that every dental professional could have taken away several Monday morning relevant pearls from his seminar. I even asked my staff, the days following, what their take away lessons were, and each gave me different answers. It solidified my choice to have brought my team to expose them to the current research, challenge them, and empower them with the knowledge of the advances in dentistry.

It’s easy these days to get caught up in the rat race of dentistry and continue to do the same procedures. Treatment options these days can be overwhelming to patients and finding a way to stage treatment has always been a test for me. I felt that Dr. Graham presented a conservative approach that challenged me to think about what would be best long term for my patients. I try to treat each patient as a family member, and I feel that Dr. Graham shares the same approach.

Sharing this with colleagues and friends was very fulfilling. I am looking forward to the next opportunity to fellowship and learn again. Please keep an eye out for the continuing education opportunities to come with the FWDDS.

Shred-A-Thon 2017
Purge and destroy your paper & electronic trash with us!

June 2, 11am-1pm
At Tarrant County Medical Society
555 Hemphill St • Fort Worth, TX 76104
This event will be cancelled in inclement weather.

What you can get rid of at the Shred-A-Thon:

Old Patient Charts
Please separate x-rays out.
We will shred, but have to use a different shredding machine.

Accepted Electronics
• Computer Keyboards
• Copiers
• CPU Towers
• CRT Monitors
• Desk Phone Systems
• Fax Machines
• Laptops
• LCD Monitors
• Postage Equipment
• Printers

Complimentary Food Truck will be serving Lunch

Last year we recycled 11,336 lbs at our 2016 Shred-a-Thon

RSVP to cindy@fwdds.org or (817) 263-7177 by May 22, 2017
Please provide the number of people attending for lunch along with an email address with your RSVP. A confirmation email will be sent with additional details and assigned drop-off time.
This budget like most is made by making assumptions and projections from last year’s actual numbers. To better communicate to the membership and board where we are financially and where we will be at the end of the year we came up with what is hopefully a simpler form for the budget. Each budget tells its own story.

So, to simplify the document we wanted to show what comes in minus what is spent equals where we are. If we look at the income section, the top three items total the amount that we are given by the TDA/ADA as our portion of the approximately $1200 in dues that each of us pay as full dues paying members. However, there are several categories of membership (new, retired, etc.). Each category pays dues at a different amount.

In the income section we have one unique category called Donations. This came about because one of Dr. Joe Laborde’s patients was so happy with the treatment, service and care that he received in Dr. Laborde’s office that this patient asked Dr. Laborde if there was somewhere that he could donate to honor the great service that he received. Dr. Laborde told his patient about the FWDDS and the patient made a $1000 donation. Quite a compliment to Dr. Laborde. Wouldn’t it be great if all our patients appreciated us as much as this?

The next section shows us the manpower costs and the cost of running the society office. Just like in our own offices we have staff costs and overhead costs. The prior board headed by Dr. Brian Britton and Dr. Dale Martin hired the best person available for our executive director position. It is a multi-faceted job that requires someone dedicated, skilled and with an exceptional work ethic. Our executive director has subsequently hired a part time person to help with many of the office functions – particularly the digital work that is vital to a modern efficient office. In addition to a great hire Dr. Britton and Dr. Martin applied their surgical skills to cut the costs.

*The Building Fund could be considered profit, but is held as a separate fund as voted upon by the membership in 2014.
White Chapel United Methodist Church will be opening a non-profit, free dental clinic for the working class poor in south Fort Worth serving primarily the 76105 area.

The clinic is scheduled to open in late May or June and will be manned by volunteer dentists. The clinic is associated with El Buen Samaritano, White Chapel’s sister church.

If you have a heart to serve and would like to be able to give back to our community, please reach out to Dr. Jean Tuggey at 817 428-8700.

The clinic will have evening hours as we can man them, and could be open some hours during the day as well. The clinic is brand new constructions with every effort being made to make a dentist’s volunteer experience as easy as possible.

Thanks you your consideration.

We also depend on our relationships with vendors to sponsor our CE courses and other events to be able to hold these events and not lose money. This is where our staff is very important. It takes a lot of chasing to catch one of these sponsors. Our events and projects make the society operate in the black for the year. They also serve the membership, help us build professional relationships, enhance the value of membership and make our dental society unique and relevant – hopefully to some of those younger dentists that we need as members. They just don’t know yet how much we need each other.

We are in good shape financially because of the hard work of the executive director and the dedication of the board. Everyone can help by participating in a CE course, attending a monthly meeting or joining in on one of our fun events. Please visit the vendors, sponsors and advertisers. Remember, it is these events that keep us in the black. If you are already doing this please bring a young colleague with you and enjoy the reward of knowing that not only are you helping a young dentist, but you are helping the public by preserving one of our country’s finest professions.
Women in Texas Dentistry
a leadership symposium of the TDA Meeting
MAY 4, 2017 | SAN ANTONIO, TX

Keynote Speaker
Vice Admiral Raquel C Bono, MD

Staffing Solutions for Dental Practices

As a business owner, staffing needs can create a tremendous amount of stress. People move away, take maternity leave or medical leave, change jobs, call in sick, & take vacations; all of which can cause your entire team to be overwhelmed and the care of your patients to be compromised.

Allow us to eliminate that stress by assisting you with all of your temporary & permanent staffing needs so that your team can still function effectively, your patients still get the same consistent, excellent care they deserve, and you can focus on what you do best...... dentistry!

Dental Directions is the only dental placement service in Tarrant County to take responsibility for paying your temporary employees.

Let us maintain all of the employment records, handle any TWC issues, send W-2 forms at the end of the year, and file payroll reports; including New Hire reports for the Attorney General’s Office.
You no longer have to worry about possible TWC & IRS audits!
